

SR 659 (Combee Road) PD&E Study From US 98 to North Crystal Lake Drive

Financial Project ID No.: 440274-1-22-01

Public Kickoff Meeting
August 23, 2018

PD&E STUDY STARTED

The Florida Department of Transportation (FDOT) is beginning a Project Development and Environment (PD&E) study to evaluate improvements to Combee Road from US 98 to North Crystal Lake Drive. As part of this study, we will be looking at ways to improve safety for all users, including pedestrians, bicyclists, transit riders, and drivers. Improvements such as sidewalks, pedestrian crossings, bicycle lanes, turn lanes, drainage, and lighting will be considered.

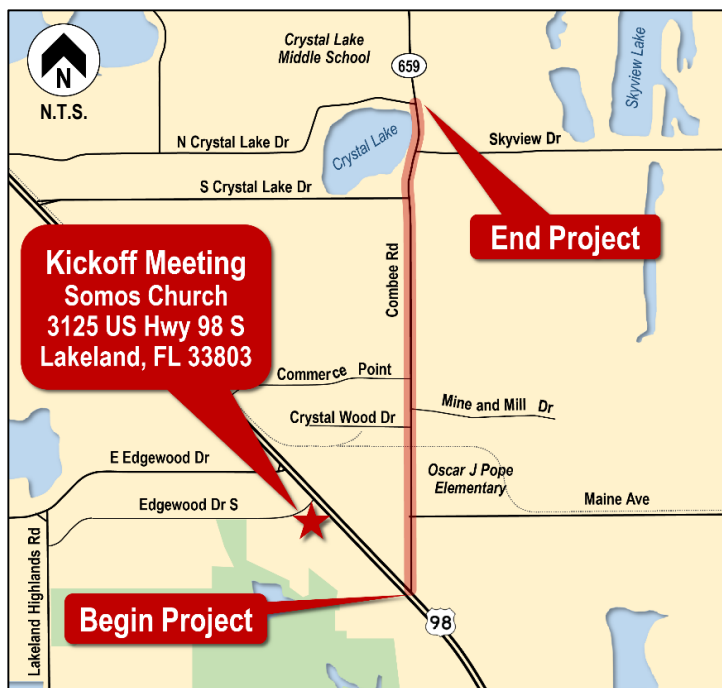

A PD&E study is the process used to answer the following questions:

- What is the need for the project?
- What alternatives or options should we consider?
- What are the community and environmental impacts with the proposed improvements?
- What is the best solution?

During the PD&E study process, FDOT will develop alternatives and provide opportunities for your input.

PROJECT LOCATION MAP

HOW TO PARTICIPATE

We welcome your comments on how to improve Combee Road. Share your thoughts and ideas and help identify areas of the roadway that need our attention. Please complete the survey and/or comment form and leave it with us this evening, or you can take it home, complete it, and mail it to us by September 4, 2018. You can send your comments to the contact provided below.
